

# JPE Replication Report

PUBLISHED

August 19, 2026

## 1 Paper Identification

|           |                                     |
|-----------|-------------------------------------|
| ID        | 20251367                            |
| Author    | Rivera                              |
| Title     | Market Response to Racial Uprisings |
| Iteration | 1                                   |

Some useful information up front:

- [JPE Data and Code Availability Policy](#)
- [Step by step guidance from Data Editor for Authors](#)
- [Template README](#)

## 2 Summary

In assessing compliance with our [Data and Code Availability Policy](#), our reproducibility team has identified the following issues, which we ask you to address:

1. We were able to reproduce only a subset of the outputs and don't understand why. There were no errors. Please advise.
2. We need a complete Data Availability and Provenance Statement in your readme, please add this.

## 3 General

- ☐ Data Availability and Provenance Statements
  - ☐ Statement about Rights - Part 1: Right to use the data (e.g. *did the authors lawfully obtain the data*)
  - ☐ Statement about Rights - Part 2: Right to publish the data (e.g. *are human subjects involved and did permission been granted to publish their data?*)
  - ☐ License for Data (optional, but recommended)
  - ☐ Details on each Data Source
- ☒ Dataset list
- ☒ Computational requirements

- ☒ Software Requirements
- ☒ Controlled Randomness (as necessary)
- ☒ Memory, Runtime, and Storage Requirements
- ☒ Description of programs/code
  - ☒ License for Code (Optional, but recommended)
- ☒ List of tables and programs
- ☒ References (Optional, but recommended)

## 4 High-level Description of Research Project

*This research project...*

- ☒ uses observational data.
- ☒ uses *confidential* observational data.
- ☐ uses data generated via experiment or trial by the authors (in field or lab).
  - ☐ For lab experiments: The code to implement the experimental protocol (z-Tree, o-Tree etc) is included in the package.
  - ☐ A PDF copy of IRB approval is contained in the package.
  - ☐ A PDF document outlining the design of the experiment, including information on the selection and eligibility of participants is included.
  - ☐ A PDF copy of the instructions given to participants in both original language and an English translation is included.
- ☐ uses data generated via survey by the authors (in field or online)
  - ☐ The programs used to administer the survey (e.g. qualtrics survey file) are included.
  - ☐ A PDF copy of IRB approval is contained in the package.
  - ☐ A PDF of the original questionnaire(s) and information on the selection and eligibility of participants is included.
- ☐ is a simulation study: the data are generated by an algorithm.
- ☐ is a numerical illustration: no data are used but code is used to produce illustrative output (tables, figures)

## 5 Data description

### 5.1 Data Sources

| file/name                    | public | private | DOI/URL | Access described | cited readme | cited paper |
|------------------------------|--------|---------|---------|------------------|--------------|-------------|
| CRSP                         | no     | yes     | yes     | yes              | yes          | yes         |
| Daily/Monthly Security Files |        |         |         |                  |              |             |

| <b>file/name</b>                           | <b>public</b> | <b>private</b> | <b>DOI/URL</b> | <b>Access described</b> | <b>cited readme</b> | <b>cited paper</b> |
|--------------------------------------------|---------------|----------------|----------------|-------------------------|---------------------|--------------------|
| WRDS Beta Suite (CAPM, FF4)                | no            | yes            | yes            | yes                     | yes                 | yes                |
| Compustat Fundamentals (Annual, Quarterly) | no            | yes            | yes            | yes                     | yes                 | yes                |

| U.S. Census Bureau (TIGER/Line)            | yes    | no      | yes     | yes              | yes          | yes         |

### 5.1.1 CRSP Daily/Monthly Security Files

- ☐ Dataset is provided in public deposit
- ☒ Dataset is PRIVATELY provided or obtained through restricted access
- ☒ DOI or URL is provided, and works: <https://wrds-www.wharton.upenn.edu>
- ☒ Access conditions are described:
  - A WRDS subscription is required.
- ☐ Data are not cited, but a working paper, article, or other document is cited (not a data citation)
- ☒ Data are cited
  - ☒ in the manuscript
  - ☒ in the README:

CRSP Daily/Monthly Security Files. Source: WRDS. Stored in [raw\\_data/wrds/](#). Access requires a WRDS subscription: <https://wrds-www.wharton.upenn.edu>.

### 5.1.2 WRDS Beta Suite (CAPM, FF4)

- ☐ Dataset is provided in public deposit
- ☒ Dataset is PRIVATELY provided or obtained through restricted access
- ☒ DOI or URL is provided, and works: <https://wrds-www.wharton.upenn.edu>
- ☒ Access conditions are described:
  - The same WRDS subscription requirement applies.
- ☐ Data are not cited, but a working paper, article, or other document is cited (not a data citation)
- ☒ Data are cited
  - ☒ in the manuscript
  - ☒ in the README:

WRDS Beta Suite, including CAPM and Fama-French four-factor estimates. Source: WRDS. Stored in [raw\\_data/wrds/](#). Access requires a WRDS subscription.

### 5.1.3 Compustat Fundamentals (Annual, Quarterly)

- ☐ Dataset is provided in public deposit
- ☒ Dataset is PRIVATELY provided or obtained through restricted access
- ☒ DOI or URL is provided, and works: <https://wrds-www.wharton.upenn.edu>
- ☒ Access conditions are described:
  - The same WRDS subscription requirement applies.
- ☐ Data are not cited, but a working paper, article, or other document is cited (not a data citation)
- ☒ Data are cited
  - ☒ in the manuscript
  - ☒ in the README:

Compustat Fundamentals, annual and quarterly files. Source: WRDS. Stored in [raw\\_data/wrds/](#). Access requires a WRDS subscription.

### 5.1.4 Fama-French Monthly Factors

- ☐ Dataset is provided in public deposit
- ☒ Dataset is PRIVATELY provided or obtained through restricted access
- ☒ DOI or URL is provided, and works: <https://wrds-www.wharton.upenn.edu>
- ☒ Access conditions are described:
  - The README identifies the same WRDS subscription requirement.
- ☐ Data are not cited, but a working paper, article, or other document is cited (not a data citation)
- ☒ Data are cited
  - ☒ in the manuscript
  - ☒ in the README:

Fama-French Monthly Factors. Sources: WRDS and Ken French. Stored in [raw\\_data/wrds/](#). The access entry refers to the WRDS subscription requirement.

### 5.1.5 I/B/E/S Analyst Consensus Recommendations

- ☐ Dataset is provided in public deposit
- ☒ Dataset is PRIVATELY provided or obtained through restricted access
- ☒ DOI or URL is provided, and works: <https://wrds-www.wharton.upenn.edu>
- ☒ Access conditions are described:
  - The same WRDS subscription requirement applies.
- ☐ Data are not cited, but a working paper, article, or other document is cited (not a data citation)
- ☒ Data are cited
  - ☒ in the manuscript
  - ☒ in the README:

I/B/E/S Analyst Consensus Recommendations. Source: WRDS. Stored in [raw\\_data/ibes/](#). Access requires a WRDS subscription.

### 5.1.6 Bloomberg Government/Police Client Data

- ☐ Dataset is provided in public deposit
- ☒ Dataset is PRIVATELY provided or obtained through restricted access
- ☐ DOI or URL is provided
  - No dataset-specific DOI or URL is provided.
- ☒ Access conditions are described:
  - Bloomberg Terminal access is required to reproduce the original extraction.
- ☐ Data are not cited, but a working paper, article, or other document is cited (not a data citation)
- ☒ Data are cited
  - ☒ in the manuscript
  - ☒ in the README:

Bloomberg Government/Police Client Data. Source: Bloomberg Terminal. Stored in [raw\\_data/bloomberg/](#). Terminal access is required for the original extraction.

### 5.1.7 Police1 Vendor Rosters (PD Atlas)

- ☐ Dataset is provided in public deposit
- ☒ Dataset is PRIVATELY provided or collected
- ☐ DOI or URL is provided
  - No DOI or URL is provided.
- ☒ Access conditions are described:
  - The records were collected by the authors from Police1.com conference directories.
- ☐ Data are not cited, but a working paper, article, or other document is cited (not a data citation)
- ☒ Data are cited

- ☒ in the manuscript
- ☒ in the README:

Police1 Vendor Rosters, also described as PD Atlas. Source: Police1.com conference directories. Stored in [raw\\_data/rosters/](#). Collected by the authors.

### 5.1.8 EDGAR 10-K Term Frequencies

- ☒ Dataset is publicly accessible
- ☐ Dataset is PRIVATELY provided
- ☐ DOI or URL is provided
  - No specific URL is listed in the dataset table.
- ☒ Access conditions are described:
  - The underlying SEC EDGAR filings are public; term extraction was performed by the authors.
- ☐ Data are not cited, but a working paper, article, or other document is cited (not a data citation)
- ☒ Data are cited
  - ☒ in the manuscript
  - ☒ in the README:

EDGAR 10-K Term Frequencies. Sources: SEC EDGAR filings and the authors' text analysis. Stored in [raw\\_data/edgar/](#). The filings are public, while the term-frequency extraction was conducted by the authors.

### 5.1.9 Producer Price Index (PPI)

- ☒ Dataset is publicly accessible
- ☐ Dataset is PRIVATELY provided
- ☒ DOI or URL is provided, and works: <https://fred.stlouisfed.org/series/WPSFD41312>
- ☒ Access conditions are described:
  - The data are publicly available through FRED.
- ☐ Data are not cited, but a working paper, article, or other document is cited (not a data citation)
- ☒ Data are cited
  - ☒ in the manuscript
  - ☒ in the README:

Producer Price Index. Source: FRED. Stored in [raw\\_data/fred/](#). Publicly available at <https://fred.stlouisfed.org/series/WPSFD41312>.

### 5.1.10 Private Security Firm Classifications

- ☐ Dataset is provided in public deposit
- ☒ Dataset is PRIVATELY provided or constructed
- ☐ DOI or URL is provided
  - No DOI or URL is provided.

- ☒ Access conditions are described:
  - The classifications were hand-coded by research assistants.
- ☐ Data are not cited, but a working paper, article, or other document is cited (not a data citation)
- ☒ Data are cited
  - ☒ in the manuscript
  - ☒ in the README:

Private Security Firm Classifications. Source: author hand-coding. Stored in [raw\\_data/private\\_security/](#). The classifications were hand-coded by research assistants.

### 5.1.11 ISC Exhibitor Lists

- ☐ Dataset is provided in public deposit
- ☒ Dataset is PRIVATELY provided or collected
- ☐ DOI or URL is provided
  - No DOI or URL is provided.
- ☒ Access conditions are described:
  - The lists were collected by the authors from ISC West and ISC East conferences.
- ☐ Data are not cited, but a working paper, article, or other document is cited (not a data citation)
- ☒ Data are cited
  - ☒ in the manuscript
  - ☒ in the README:

ISC Exhibitor Lists. Source: ISC West and ISC East conferences. Stored in [raw\\_data/private\\_security/](#). Collected by the authors.

### 5.1.12 UCR Crime Statistics

- ☒ Dataset is publicly accessible
- ☐ Dataset is PRIVATELY provided
- ☒ DOI or URL is provided, and works: <https://www.fbi.gov/how-we-can-help-you/more-fbi-services-and-information/ucr>
- ☒ Access conditions are described:
  - The data are publicly available through the FBI Uniform Crime Reporting Program.
- ☐ Data are not cited, but a working paper, article, or other document is cited (not a data citation)
- ☒ Data are cited
  - ☒ in the manuscript
  - ☒ in the README:

UCR Crime Statistics. Source: FBI Uniform Crime Reporting Program. Stored in [raw\\_data/protests/](#). Publicly available through the FBI UCR website.

### 5.1.13 LEOKA (Officers Killed & Assaulted)

- ☒ Dataset is publicly accessible
- ☐ Dataset is PRIVATELY provided
- ☒ DOI or URL is provided, and works: <https://www.fbi.gov/how-we-can-help-you/more-fbi-services-and-information/ucr>
- ☒ Access conditions are described:
  - The access entry states "Public: same," referring to the FBI UCR link above.
- ☐ Data are not cited, but a working paper, article, or other document is cited (not a data citation)
- ☒ Data are cited
  - ☒ in the manuscript
  - ☒ in the README:

LEOKA, Law Enforcement Officers Killed and Assaulted. Source: FBI. Stored in [raw\\_data/protests/](#). Publicly available through the FBI UCR website.

### 5.1.14 LEMAS (Law Enforcement Management)

- ☒ Dataset is publicly accessible
- ☐ Dataset is PRIVATELY provided
- ☒ DOI or URL is provided, and works: <https://bjs.ojp.gov/data-collection/law-enforcement-management-and-administrative-statistics-lemas>
- ☒ Access conditions are described:
  - The data are publicly available through the Bureau of Justice Statistics.
- ☐ Data are not cited, but a working paper, article, or other document is cited (not a data citation)
- ☒ Data are cited
  - ☒ in the manuscript
  - ☒ in the README:

Law Enforcement Management and Administrative Statistics, LEMAS. Source: Bureau of Justice Statistics. Stored in [raw\\_data/protests/](#). Publicly available from the BJS LEMAS page.

### 5.1.15 Mapping Police Violence

- ☒ Dataset is publicly accessible
- ☐ Dataset is PRIVATELY provided
- ☒ DOI or URL is provided, and works: <https://mappingpoliceviolence.us>
- ☒ Access conditions are described:
  - The data are described as publicly available.
- ☐ Data are not cited, but a working paper, article, or other document is cited (not a data citation)
- ☒ Data are cited
  - ☒ in the manuscript
  - ☒ in the README:

Mapping Police Violence. Source: MPV. Stored in [raw\\_data/protests/](#). Publicly available at <https://mappingpoliceviolence.us>.

### 5.1.16 GDELT Protest Media Coverage

- ☒ Dataset is publicly accessible
- ☐ Dataset is PRIVATELY provided
- ☒ DOI or URL is provided, and works: <https://www.gdeltproject.org>
- ☒ Access conditions are described:
  - The data are described as publicly available through the GDELT Project.
- ☐ Data are not cited, but a working paper, article, or other document is cited (not a data citation)
- ☒ Data are cited
  - ☒ in the manuscript
  - ☒ in the README:

GDELT Protest Media Coverage. Source: GDELT Project. Stored in [raw\\_data/protests/](#). Publicly available at <https://www.gdeltproject.org>.

### 5.1.17 NOAA Weather Data

- ☒ Dataset is publicly accessible
- ☐ Dataset is PRIVATELY provided
- ☒ DOI or URL is provided, and works: <https://www.ncei.noaa.gov/products/land-based-station/global-historical-climatology-network-daily>
- ☒ Access conditions are described:
  - The data are publicly available through NOAA's Global Historical Climatology Network Daily product.
- ☐ Data are not cited, but a working paper, article, or other document is cited (not a data citation)
- ☒ Data are cited
  - ☒ in the manuscript
  - ☒ in the README:

NOAA Weather Data. Source: NOAA GHCN-Daily. Stored in [raw\\_data/protests/get\\_weather/](#). Publicly available through NOAA's Global Historical Climatology Network Daily page.

### 5.1.18 Masten & Poirier (2020) Replication Files

- ☐ Dataset is provided in public deposit
- ☒ Dataset is PRIVATELY provided or available upon request
- ☐ DOI or URL is provided
  - No DOI or URL is provided.
- ☒ Access conditions are described:
  - The replication files are available from the original authors.
- ☐ Data are not cited, but a working paper, article, or other document is cited (not a data citation)
- ☒ Data are cited
  - ☒ in the manuscript
  - ☒ in the README:

Masten and Poirier (2020) Replication Files. Source: authors of the cited paper. Stored in [raw\\_data/protests/MastenPoirier\\_2020\\_FAS\\_replication\\_files/](#). Available from the original authors.

### 5.1.19 Product/Service Categorization

- ☐ Dataset is provided in public deposit
- ☒ Dataset is PRIVATELY provided or collected
- ☐ DOI or URL is provided
  - No DOI or URL is provided.
- ☒ Access conditions are described:
  - The categorization is based on author-collected survey responses gathered in May 2022.
- ☐ Data are not cited, but a working paper, article, or other document is cited (not a data citation)
- ☒ Data are cited
  - ☒ in the manuscript
  - ☒ in the README:

Product/Service Categorization. Source: author-collected survey responses. Stored in [raw\\_data/categorization/](#). Collected by the authors in May 2022.

### 5.1.20 Twitter/X Daily Engagement Data

- ☐ Dataset is provided in public deposit
- ☐ Dataset is PRIVATELY provided
- ☐ DOI or URL is provided
  - The table says "See citation below," but no URL is visible in the supplied screenshot.
- ☒ Access conditions are described:
  - Access information is deferred to the associated citation.
- ☒ Data are not directly cited here, but a working paper, article, or other document is cited
  - The source is identified as Dunivin et al. (2022).
- ☒ Data are cited
  - ☒ in the manuscript
  - ☒ in the README:

Twitter/X Daily Engagement Data. Source: Dunivin et al. (2022). Stored in [raw\\_data/twitter/](#). The README directs readers to the corresponding citation for access information.

### 5.1.21 ISS CEO Demographics

- ☐ Dataset is provided in public deposit
- ☒ Dataset is PRIVATELY provided or obtained through restricted access
- ☒ DOI or URL is provided, and works: <https://www.issgovernance.com>
- ☒ Access conditions are described:
  - A subscription to Institutional Shareholder Services is required.

- ☐ Data are not cited, but a working paper, article, or other document is cited (not a data citation)
- ☒ Data are cited
  - ☒ in the manuscript
  - ☒ in the README:

ISS CEO Demographics. Source: Institutional Shareholder Services. Stored as [raw\\_data/rosters/ISS\\_table\\_ceo.csv.gz](#). Access requires an ISS subscription: <https://www.issgovernance.com>.

### 5.1.22 U.S. Census Bureau (ACS 5-Year, 2009–2013)

- ☒ Dataset is publicly accessible
- ☐ Dataset is PRIVATELY provided
- ☒ DOI or URL is provided, and works: <https://data.census.gov>
- ☒ Access conditions are described:
  - The American Community Survey data are publicly available through the U.S. Census Bureau.
- ☐ Data are not cited, but a working paper, article, or other document is cited (not a data citation)
- ☒ Data are cited
  - ☒ in the manuscript
  - ☒ in the README:

U.S. Census Bureau ACS five-year data, 2009–2013. Source: American Community Survey. Stored as [raw\\_data/protests/county\\_covariates2020.csv.gz](#) and [raw\\_data/protests/census\\_state.csv.gz](#). Publicly available at <https://data.census.gov>.

### 5.1.23 U.S. Census Bureau (TIGER/Line)

- ☒ Dataset is publicly accessible
- ☐ Dataset is PRIVATELY provided
- ☒ DOI or URL is provided, and works: <https://www2.census.gov/geo/tiger/>
- ☒ Access conditions are described:
  - The geographic files are publicly available from the U.S. Census Bureau.
- ☐ Data are not cited, but a working paper, article, or other document is cited (not a data citation)
- ☒ Data are cited
  - ☒ in the manuscript
  - ☒ in the README:

U.S. Census Bureau TIGER/Line geographic files. Source: Census Bureau geography. Stored in [raw\\_data/protests/get\\_weather/tl\\_2020\\_us\\_county/](#). Publicly available at <https://www2.census.gov/geo/tiger/>.

## 6 Requirements

- ☒ README is in TXT, MD, or PDF format
- ☐ README is accessible at the root of the package (not inside a folder)
- ☐ Title conforms to guidance (starts with "Data and Code for: Title of Paper" or "Code for: Title of Paper", is properly capitalized)
- ☒ Authors (with affiliations) are listed in the same order as on the paper

{REQUIRED} Please review the title of the deposit as per our guidelines.

## 6.1 Stated Requirements

- ☐ No requirements specified
- ☒ Software Requirements specified as follows:
  - Stata 16 or higher (StataSE or StataNow recommended)
  - R 4.0 or higher
  - Python 3.8 or higher (only needed for weather data preprocessing)
- ☒ Computational Requirements specified as follows:
  - **RAM:** 32 GB minimum (some intermediate daily files exceed 4 GB)
  - **Disk:** ~40 GB for full package including intermediate data
  - **OS:** Tested on macOS. Should work on Linux/Windows with appropriate Stata/R installations.
  - **Machine used for replication:** Apple M3 Ultra, 256 GB RAM, macOS 26.3, Stata 19 (StataNow), R 4.5.2. Total runtime: approximately 48 hours.
- ☒ Time Requirements specified as follows:
  - 48 hours.
- ☒ Requirements are complete.

## 7 Analyzing Data and Code Files

{REPLICATOR} Here I provide you with a list of what I identified as *data files* based on file endings. Please check the list and amend if there are obvious mistakes. Watch out for Personally Identifiable Information (PII)!

### 7.1 Code description

- ☒ The replication package contains a "main" or "master" file(s) which calls all other auxiliary programs.

### 7.2 Computing Environment of the Replicator

- Nuvolos: 64 GB, 16 CU.
- Stata/MP 19.5
- R 4.6.0
- Python 3.12.12

## 8 Replication

Example:

- Downloaded code and data from dropbox to the Nuvolos instance.
- Ran code as per README, but I hit a **R** error indicating that a package was not installed.
- I had to run the following in order to install the **synthdid** R package:

```
install.packages("remotes") install.packages( "mvtnorm", repos = "https://cloud.r-pro  
1: Yes 2: No  
Selection: Yes
```

Authors should probably switch **devtools** to **remotes**.

- Re-ran in step-by-step version of the package (Stata and R separately).
- Ran until completion.
- Only a couple of outputs were actually reproduced. I am unable to detect why this happened for those and not for the rest, but the code ran without problem.

## 9 Findings

### 9.1 Data Preparation Code

---

- Program **scripts/0a\_clean\_roster.do** ran without error.
- Program **scripts/0b\_clean\_classification.do** ran without error.

### 9.2 Tables and Figures

---

- Only Figures 2, 3, A.11 panel A, and A.17 were reproduced.
- Only Tables 1, 2, 3, and 4 were reproduced.
- All the outputs that were reproduced are exactly as in the manuscript (no discrepancies).

### 9.3 In-Text Numbers

---

- ☒ In-text numbers not verified.
- ☐ There are no in-text numbers, or all in-text numbers stem from tables and figures.
- ☐ There are in-text numbers, but they are not identified in the code

## 9.4 Other Issues

---

- Note that the path for `fas_IV.pdf` in the REAMDE file should be `results/exploration/fas_IV.pdf`.

## 10 Classification

- ☐ full reproduction
- ☐ full reproduction with minor issues
- ☐ partial reproduction (see above)
- ☒ not able to reproduce most or all of the results (reasons see above)

### 10.1 Reason for incomplete reproducibility

---

- ☐ None.
- ☐ `Discrepancy in output` (either figures or numbers in tables or text differ)
- ☐ `Bugs in code` that were fixable by the replicator (but should be fixed in the final deposit)
- ☒ `Code missing`, in particular if it prevented the replicator from completing the reproducibility check
  - ☐ `Data preparation code missing` should be checked if the code missing seems to be data preparation code
- ☐ `Code not functional` is more severe than a simple bug: it prevented the replicator from completing the reproducibility check
- ☐ `Software not available to replicator` may happen for a variety of reasons, but in particular (a) when the software is commercial, and the replicator does not have access to a licensed copy, or (b) the software is open-source, but a specific version required to conduct the reproducibility check is not available.
- ☐ `Insufficient time available to replicator` is applicable when (a) running the code would take weeks or more (b) running the code might take less time if sufficient compute resources were to be brought to bear, but no such resources can be accessed in a timely fashion (c) the replication package is very complex, and following all (manual and scripted) steps would take too long.
- ☐ `Data missing` is marked when data *should* be available, but was erroneously not provided, or is not accessible via the procedures described in the replication package
- ☐ `Data not available` is marked when data requires additional access steps, for instance purchase or application procedure.
- ☐ `Missing README` is marked if there is no README to guide the replicator, or the README is not in compliance with JPE requirements
